

"The Ottawa Spotlight"

(By Wilfrid Eggleston)

Ottawa, October 23.—On Friday of this week the government celebrates its first anniversary of office. It is interesting to see how many election pledges have been redeemed, how many still await action.

It promised a national commission to deal with unemployment; this has been set up and has made some constructive suggestions to the cabinet, as well as conducting a census of national unemployment.

A National system of unemployment insurance is another pledge. This has not moved since the election. The matter is before the Privy Council.

One of its most important planks dealt with the liberation of external trade and the lowering of tariffs. Though the low-tariff wing of the Liberal party is far from satisfied with progress to date, it is probably true that, counting the United States agreement, the tariff has been lowered more than in any previous year in Canadian history.

Negotiations have been conducted with 15 countries in the year. Three or four agreements have already been completed; others are to follow.

Some salutary changes in government administration have been introduced. Lower tariff Liberals claim that the present law still gives the department heads too much power of tariff making.

The Liberals pledged themselves to "seek to end artificial price control and arguments in restraint of trade." It is difficult, aside from the tariff reductions which may have made some price control more difficult, to see how any material fulfillment of this item yet. But one bears that the present law still gives the department heads too much power of tariff making.

Encourage Primary Industry.

Another pre-election pledge—debt with encouragement to primary industry and the lowering of costs of production. It also promised state assistance in the marketing of national products. The elimination of the income tax on young metalliferous mines and the promise that the gold tax will not be increased are two examples of action in this field. The sales tax was, however, raised. Machinery is being worked out for assistance in exporting live cattle and other agricultural products.

The promise was made that a "properly constituted" central bank would be set up. This, as seen by Liberal leaders, means a bank of which the ownership and direction is under the majority control of parliament and the government of the day. To that extent it has been redeemed.

An investment control board was to be established. This has not yet been set up. The integrity of the Canadian National Bank was to be maintained. There is no present talk of amalgamation.

The Liberal party stands for "industrial reconstruction" and a larger share for workers and consumers in industry. Liberal apologists will probably point to tariff developments as an implementation of this plank to some extent. It is difficult, however, to point to anything very tangible as yet, in this field.

The abolition of the "blank cheque" legislation has been carried out, as promised.

Favor Free Speech

Section 98 of the "Criminal Code" was to have been repealed. The free press clause, in the opinion of some critics, was almost as obnoxious, but this government is unquestionably in favor of freedom of speech and assembly.

The government is pledged to reform electoral machinery so as to attain a true parliamentary representation, and to reduce the cost of election campaigns. This problem has been studied, but no action has yet been taken.

The government is to balance the budget. Again, minor progress has been made, but there is a long road as yet to travel yet. The drought made it harder, for this year.

Peace and goodwill was to be fostered between nations. The fair and just distribution of wealth with increasing regard to human needs, to the furtherance of social justice and the promotion of the common good was to be stressed.

Not a bad idea to remind ourselves occasionally what the Liberal party has not promised to do. On the whole the record of the first year is pretty fair, as governments go. Supporters will be

more enthusiastic. Critics will be less laudatory. But everyone agrees there is a gigantic job for the government yet to accomplish.

WEDDINGS

SLATER — HARWOOD

A pretty wedding was solemnized at St. Michael's Church, Saturday, October 17, at 4:30 a.m., when Miss Florence Harwood, youngest daughter of Mrs. George Smith of Strathmore, became the bride of Mr. S. F. G. Slater of Crowfoot, with Rev. C. W. Wiley officiating.

Entering the church on the arm of her stepfather Mr. George Smith, who gave her in marriage, the bride looked very winsome in a gown of turquoise blue velvet, cut on floor length lines and veiling a small hat of same material.

Miss Fay Harwood, niece of the bride, acted as bridesmaid. She chose a pretty gown of peach colored silk. Mrs. David Clark of Crowfoot was best man.

Following the ceremony the wedding party and guests retired to the dining room of the Memorial hall where the reception was held and the happy young couple received the good wishes of their friends, after which about forty guests, immediate friends of both families sat down to a bountiful and delicious wedding dinner, at a table prettily adorned with a three-tiered wedding cake having the central place of honor, and bouquets of lilies, roses, gladiolus, crystal and silver adding further to the pretty effect.

The toast to the bride was proposed in feeling terms by Mr. George Smith and suitably responded to by the groom.

Mr. Smith was a very becoming color of royal blue georgette with silver trimmings.

Lier on dancing to the strains of music supplied by Edith and Mrs. Hirtle and Andrew Garrett whittled away the happy hours.

At midnight amid showers of rice and confetti the bride and groom left for their home at Crowfoot.

The Standard Jones in good words to Mr. and Mrs. Slater.

DUNSMORE — McLUHAN

The United Church, Holyrood was the scene of an exceedingly pretty wedding October 27th last when Edith McLuhan, only daughter of Mr. and Mrs. McLuhan of Holyrood, became the bride of Mr. Frank Harold Dunsmore, son of Mr. Frank Dunsmore of Holyrood. The ceremony was performed in the United Church, which was very prettily decorated with palms, ferns and garden flowers, Rev. Charles, pastor of the church officiating.

Entering the church on the arm of her father the bride looked very lovely in a gown of white satin of floor length, cut on Grecian lines. With this she wore a large white pipe and carried a shower bouquet of Madame Butterflies roses. Miss Ethel Dunsmore, the groom's sister, acted as maid of honor, was the bride's only attendant. She chose for the occasion a blue velvet gown with hat to match and carried a bouquet of pink gladiolus.

Arthur Dunsmore performed the duties of best man for his brother. During the signing of the register Mrs. Courtney Scott of Calgary in ex-voto voice wished the young couple. Miss Wilfrid Twissell played the wedding music.

A wedding reception followed at the home of the bride's parents, where the happy couple received the felicitations of their friends, after which wedding breakfast was served in private twenty-five guests.

The bride is a graduate nurse of the Alberta University Hospital. Her father's wedding was a very becoming gown of purple crepe, with hat to match.

The honeymoon was spent in Banff, the happy couple now residing on their farm four miles east of Holyrood.

The bride is a niece of Mr. T. E. Wright of Strathmore.

SUCCESSFUL PIANO RECITAL

On Thursday evening, October 23, a large and appreciative audience gathered in the Holyrood Hall to listen to a recital presented by the Pupils of Miss Alice May.

The stage was attractively lighted for the occasion and the musical numbers were delivered in such manner as to interest and delight the audience.

Miss May was ably assisted in her ambitious endeavor by Mrs. Florence Garrett, Gillespie, Calgary and Mr. Leslie Hall of Strathmore.

The program consisted of the following numbers:

Duet (2 pianos) Marche Hon. Santa Claus March. Alice May, Santa Claus March. Alice May, Santa Claus March. Alice May, Santa Claus March.

Polly—Margaret Wise. Vocal Solo—Dore Valse—Leslie Hall. Duet (2 pianos) Noh—Margaret and Edna Kattenbach.

A beautiful bouquet of yellow chrysanthemums was presented to Miss May by little Anne Kattenbach, on behalf of 4 children and the audience was dismissed after the singing of the National Anthem.

The committee had hoped. Those who did attend enjoyed a very pleasant social hour. Two ladies "said" to be conversed with the gifts of a secret, forfeited very alluring events or pieces of good fortune as revealed by the test leaves to a more or less interesting listener. They added much to the about ten dollars was realized.

WHEAT PRICES

To the Editor:—The wicked grain exchange keeps boosting the price of wheat although this is the time when dealers by farmers are heaviest. Why should it? T. COOK.

The members of the trio are: Harold Robinson, pianist, who has studied under Miss Mollie Friesen, who has A.T.C.M. and L.R.S.M. Dorothy Bennett, cellist, who studied under Miss Storer Campbell and is a member of Calgary Symphony Orchestra. Ruth Norbert, violinist, a pupil of Gregor Garbavitch. TO THE PEOPLE OF STRATHMORE AND DISTRICT

We, the undersigned, as ministers representing the United and Anglican churches, feeling desirous of demonstrating the fundamental unity of Christian spirit which must precede and control every effort made to win unity of organization, and in cooperation with the ideals of the Joint Committee on the Evangelization of Canada, wish to make the following announcement:

On Sunday evening, October 26th, with the consent and approval of our separate church boards and the people of the Bishop of Calgary, an exchange of pulpits will be made. The form of service will remain the same as that to which each church is accustomed, but the main part of the service and sermon will be the call to individuals to recognize in every area of their personal and social life the ultimate challenge to Christian living and action.

Yours sincerely in the Fellowship, V. GILBERT, C. W. WILBY.

THE GIPSY TRIO TO VISIT STRATHMORE

Last fall the Session of the United Church brought to Strathmore, Rev. B. Teller and Miss Lockertie. Miss Lockertie's reading were so exceptionally good that the Session brought her back in the spring and her entertainment was an outstanding success in every respect. Such an other treat is in store when the Session brings to us, "The Gipsy Trio".

A year ago this month, these young ladies formed a trio to present a program under the auspices of the I. O. D. E. It was such a success that they have had continuous engagements under other city clubs. When they become radio artists, it was necessary for them to choose a name which was taken from their theme song "Play To Me Gipsy".

TO THE EDITOR

Dear Sir:

In a recent editorial devoted to an effort to explain and justify its misrepresentation and falsehoods concerning the attitude of the grain trade towards the farmers and the establishment of the minimum price of \$7.12 cents a bushel for wheat by the Government the WESTERN PRODUCKER refers to the evidence given to the Special Committee on the Wheat Board bill by Mr. James A. Richardson in June, 1935. The article ends with the impression that Mr. Richardson suggested a minimum price of 40 cents. The endeavor to create such an impression by inference is even more despicable than does so by a direct statement, which as the writer and sponsor of the article in question knew, would so easily be shown to be deliberately false.

The Western Producer had the evidence given in June 1935 before it. It quotes from it at length. It moves forward and shows both the nature of Mr. Richardson's references and the context of it. Here is the evidence itself, as printed on page 110 of the

By the Chairman (Mr. Hon. R. B. Bennett).

Answer. Now, Mr. Richardson, how much do you think the farmer should be paid for his wheat in order to break even. You have had a large experience in all branches of the business, how much should he have, not to make a profit, but just to break even?

Answer.—Well, I have heard farmers say if they had a fair crop of wheat and 40 cents on the farm they could get by; they could get by with 40 cents money but they could get by with 40 cents.

Q.—Party cents on the farm?

A.—Yes.

Q.—In Alberta that would mean 40 cents what you mean, Now, Mr. Richardson, that being so what would the price be on the market for that sort of wheat, how much would you like to allow for freight?

A.—Well, 15 cents a bushel would be high, it would be a top freight?

Q.—That is the top freight, isn't it?

A.—Yes, sir, 15 cents average freight.

Q.—So that to people in the country who have wheat, 40 cents on the farm would be a satisfactory figure for the farmer?

A.—No, Sir, I do not; I want to see the farmer get as high a price as he could sell his wheat for in the world markets. I am not satisfied to indicate any price, other than the price he can possibly get for him.

giving evidence the next day Mr. A. C. Brouillette, President of the Saskatchewan Pool, and in regard to the price he was getting for his wheat, he made that statement made it from hereafter; and later "I think I have a few what you mean, Now, Mr. Richardson, that being so what would the price be on the market for that sort of wheat, how much would you like to allow for freight?"

A.—Well, 15 cents a bushel would be high, it would be a top freight?

Q.—That is the top freight, isn't it?

A.—Yes, sir, 15 cents average freight.

A.—No, Sir, I do not; I want to see the farmer get as high a price as he could sell his wheat for in the world markets. I am not satisfied to indicate any price, other than the price he can possibly get for him.

TOMBOLA VERY SUCCESSFUL

The Annual Chicken Supper and Tombola under auspices of Sacred Heart Church again kept up the reputation of former years. The dinner was excellent, the flower adorned tables very attractive, and everyone enjoyed thoroughly the warm social atmosphere.

A large number from Calgary and other outside points were present. Prize winners were: \$25, G. M. Lynch, Calgary; \$15, Marguerite Kildes, Strathmore; \$10, Mrs. W. G. Freeman, Calgary; \$5, Harry Freeman, Strathmore; \$5, Ken Mark, Strathmore; \$2, H. Pepper, Strathmore.

Further account next week.

A.—Yes.

BAINTREE

A very successful bridge and what was announced was held Friday, October 2nd in the Baintree Community Hall. The turnout was good and the smoke of battle hung over about twelve tables. The winners of the ladies were Oscar Olson and Wilda Parsons and of what Merle County. After lunch had been served, the tables were cleared away and the dancers took the floor till the wee sma hours.

The following is the result of the draw for prizes on the table: Ladies Kit Bag, Mrs. Hall, Winnipeg; Ladies Kit Bag, Merle County, Baintree and Large box of Chocolates, Tom Boyd, Calgary.

BAINTREE U. F. W. A.

The Baintree U. F. W. A. met with Miss Emily Lamborne on Thursday, September 24th. There was a good attendance, notwithstanding the busy harvest season. After roll call and the usual routine business were disposed of, the chief topic of the afternoon was the U. F. W. A. dance to be held some time in the near future, at Baintree Hall. There will be prizes offered, donated by members, and a good orchestra in attendance for the evening. Every effort is being made by the ladies to make this a successful evening, both in the way of entertainment, and also financially. A good crowd is expected. At the close of the afternoon Miss Lamborne served a most delicious lunch. Miss Lamborne the hostess of the afternoon, is also president of Baintree Local, and one of the best, in a long line of good presidents. It is due to her energy and good management and also to that of her associates in office Mrs. Keeler and Miss Merle County that the Baintree Local has attained its high standard. Through changing times this Local has kept going, beating the record of any other club or society in this community. Its membership never very small, has increased lately, and now represents almost every farm home in the locality. It believes in, and practices a happy, cheerful spirit, and has always done so.

"JACK FROST"

It's a losing proposition trying to beat the Weather Man at his own game. Remember—you can kid yourself that no harm is done by waiting until your gears are stiff from "frozen" grease... or your oil takes several minutes to flow freely... or your radiator spurts forth those tell-tale streams of steam—but kidding yourself certainly won't save your pocket from repair bills later.

THE PRINTERS' CODE

WOOLLEN MILL AT SILVER SPRINGS

Woollen Mill to be built at Silver Springs, near Inverness. Excavation and gravel hauling is now under way. A shaft is to be sunk on the property in search of gas to supply the factory and houses of those who will be

working there. British capital is said to be behind the project.

The Printers Code for Alberta is now released by authority of Hon. E. C. Manning. The printers asked for this some time ago in order to eliminate practices in the printing industry. By this new act all printing shops in the Province are brought under its conditions. It is designed to raise the standard of printing trade.

THE WORLD OF WHEAT

(By H. G. L. Strange)

Director "Crop Testing Plan".

The wealth, welfare and prosperity of farmers, and indeed of all of us, in Western Canada depend mainly upon the sale each year to foreign countries of large quantities of Canadian wheat at satisfactory prices.

Between 200 and 300 million bushels a year, it seems to me, will have to be exported if a reasonable standard of living for our producers and other people is to be assured.

Our large annual sales in the past have depended upon the buyers in no less than 75 different countries, demanding or "wanting" Canadian wheat. Our problem, then, can be stated very simply. It is that some how we must induce the buyers of 75 countries to "want" between 200 and 300 million bushels of Canadian wheat each year, and to pay a reasonable price for it. Can this be done? Yes, I at least believe it can, provided for one thing that we maintain, and if possible increase, the present margin of quality or "strength" that Canadian wheat enjoys over the "strength" of all other wheats in the world, but we must remember that meanwhile other countries are steadily improving the quality of their own native wheat. Canada, therefore, will undoubtedly have to increase the efforts she is now making in order even to maintain her present superiority in wheat quality.

The recent substantial increase in the price of wheat has been brought about by the complete disappearance of the "undersupply" world surplus that has tended so to depress world price since 1930.

Rainfall that may occur in Australia and the Argentine in the next few weeks is the most important factor now governing world price. If abundant rains soon occur the world price of wheat will probably fall. If serious rains do not soon fall, however, the price will probably rise still further. The Buenos Aires "Futures" market for the moment is an excellent price barometer.

GARDINER SEES WEST IN OPEN MARKET AGAIN

—C-21—
 Winnipeg, October 2.—Hon. J. C. Gardiner, federal minister of agriculture, differs with those who believe western Canadian farmers never again will enjoy an open wheat market.

In an address Friday night to the young men's section of the Winnipeg board of trade, Mr. Gardiner said statements had been made and accepted very generally, "that never again will be able to have an open market wheat in western Canada because never again will we be able to find people to take the wheat."

"We have built all intents and purposes an open market for wheat in the last three or four weeks," the minister declared. "Wheat has been going on the market in greater volume than previously and, oddly enough, in view of the pessimistic statements made, someone has been found to take the wheat."

—Regina Leader Post, Oct. 2nd, 1936—

TO THE EDITOR

(Continued from Page One)

View of Mr. Richardson's emphatic assertion that 50 cents a bushel would NOT be a satisfactory price. This Company sincerely regrets that the freedom of speech accorded the press should be so flagrantly abused and violated by the Western Producer as to entail considerable financial expense to refute these malicious and misleading statements concerning Mr. Richardson.

Yours truly,
 James Richardson & Sons, Limited

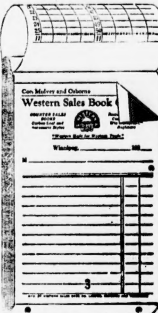

SCHOOL NOTES

For the school days of each week the station CKUA will during the months of October, November and December broadcast on a regular schedule. There will be an afternoon broadcast and an evening broadcast. The afternoon broadcast will begin at about 1:15 p.m. and last till about 2:30 p.m. and will be carried by CFTN as well as by CKUA. Care has been taken to provide in these broadcasts something for each adult member of the family. They should be worth listening to every day. Of special interest, however, from the school point of view, are "The Teacher Talks to Parents" at 1:15 on alternate Thursdays. You are especially invited by your commentator to tune

in CPKN for this period. Of considerable interest at this time, too, should be the addresses "National Policies of Land Tenure" by Donald Cameron, Director of the Department of Lands. They can be heard at 1:15 on Mondays, November 22, December 4, and December 21. It should be very much worth a farmer's while to listen to Donald Cameron on these occasions.

The evening programs will not all be relayed over CPKN some may be heard at 8 o'clock from that station. Station CKUA will be on the air at 6:30 on Mondays, Wednesdays and Fridays at that time it will broadcast French Conversational Courses. On Tuesdays and Thursdays it will give German courses.
